EXPERIENCE

Front Line Manager

2022 — Present

Marshfield Famous Pizza — Marshfield, MA

- Lead a team of 30+ employees across daily operations, scheduling, and customer service
- Manage payroll, shift assignments, and administrative paperwork for a high-volume location
- Designed and implemented a new employee handbook that reduced staff call-outs by ~50%
- Train and onboard new hires, improving consistency and efficiency in service delivery
- Resolve escalated customer issues, reducing friction and improving retention

Co-Owner & Administrative Associate (20% Owner)

Dec 2024 — Present

Artisan Jewelers — Marshfield, MA

- Serve as Secretary, managing inventory, client records, and vendor communications
- Provide personalized client service, guiding purchases and closing sales
- Support daily operations and product organization to ensure smooth business flow
- Developed deep product knowledge to improve customer confidence and satisfaction

Independent Trader

2019 — Present

Self-Managed Portfolio

- Six years of active equity and options trading; three years of futures trading
- Manage a personal portfolio with a disciplined, rules-based risk management framework
- Develop and backtest systematic strategies for consistent long-term growth

PROJECTS

Daily Report Printer

2025 — Present

Python · Claude API · Google Calendar API · Canvas API · Hardware

- Building a receipt printer that connects Canvas, Google Calendar, and the Claude API to generate and print a personalized daily briefing each morning
- Architected multi-source data aggregation pipeline with AI-powered summarization

TradingView Scripts & Strategies

2025 — Present

Pine Script · TradingView · Options · Futures

- Developing custom Pine Script indicators and automated trading strategies grounded in six years of live market experience
- Focus on systematic, rules-based signal generation and risk-controlled execution

YouTube Analytics Dashboard

2025

Python · YouTube Data API · Data Analysis

- Collaborated to build a local analytics tool pulling YouTube channel and video performance data into a clean dashboard for content strategy decisions

Life Automation Consulting

2025 — Present

Python · REST APIs · AI Automation

- Help peers automate repetitive digital workflows — scheduling, task management, and API integrations — using Python and AI tooling
